Data Products

[List of All India Publications](#)

[List of State Publications](#)

[List of Floppies](#)

[List of CDs](#)

The Census Data Products are available in the form of books, floppies and CDs. There are separate products presenting All India Series and State Series data, where data is presented at different administrative [levels](#).

As like in previous censuses, the 1991 census data was presented in more than one hundred preformatted tables on key indicators.

These [tables](#) cover such subjects as, population, economic activities, socio - cultural aspects, migration, fertility, housing and household amenities, scheduled castes and scheduled tribes, etc.

1991 Census Data on CDs

Census Data on Compact Disks.

At the moment only one CD presenting all the tables of the 1991 Census of India is available on sale. All the 111 tables based on the 1991 Census at Country, State or Union Territory and District level are available on this CD. In some cases, the Village or Ward (in Town) level data is also available. For details see List of Tables on the left.

The CD, with 650 MB of Census Data, is useful to Administrators, Planners and Researchers.

The cost of the CD is Rs. 2500/- for buyers in India and US \$ 155.00 for buyers outside India. The cost includes postage charges.

List of Tables in 1991 Census

[A Series: Population Tables](#)

This series provides basic population tables of the 1991 Census at different levels of presentation. There are in all 16 Tables in this series.

[B Series: Economic Tables](#)

The data on main workers, marginal workers, non workers and non workers seeking work are presented in this series of tables. Data on classification of main and marginal workers by industrial classification of work, occupation, age and educational level, non workers by main activity, age and educational level, and those seeking work by age, educational level and whether they have worked before are available. There are in all 31 Tables in this series.

[C Series: Socio - Cultural Tables](#)

This series of tables give the data on age, marital status, educational level, school attendance, mother tongue, bilingualism, trilingualism and religion. Data on marital status, educational level and school attendance

are available cross classified by age groups while data on school attendance in the age group 5-19 years has also been classified by work participation. There are in all 16 Tables in this series.

[D Series: Migration Tables](#)

Data on migration characteristics like place of birth, place of last residence, reason for migration and duration of residence at the place of enumeration are available through these tables. Data on educational level, economic activity and age distribution of the migrants are also available in these tables. There are in all 17 Tables in this series.

[F Series: Fertility Tables](#)

This series of tables provide data on female age at marriage, number of children ever born and number of children surviving to ever married

women and birth to currently married women during the last year.

Data

on age at marriage have been classified by duration of marriage while all other data are classified by age of the woman. At state level data are also available by religion, educational level and work status of the woman. There are in all 32 Tables in this series.

[H Series : Housing and Household Amenities](#)

These tables give information on housing and household amenities, viz., the type of material used for construction; tenure status, number of rooms and household size; availability of electricity, drinking water supply (by source) and toilet facilities to the household and type of fuel

used for cooking. There are in all 17 Tables in this series.

[SC ST Series : Tables on Sceduled Castes and Scheduled Tribes](#)

These tables give information on the Scheduled Castes and Sceduled Tribes populaion of the country. Most of the tables are generated at State/District level. The tables provide population, demographic and

socio- cultural charecteristics of the group on individual Scheduled Castes and Scheduled Tribes.
